

FT-BVH8K0

Calcium hydrogencarbonate

Product Description

Catalog #: BVH8K0, 25g
Name: **Calcium hydrogencarbonate**
MW: 162.11 g/mol
CAS [3983-19-5]
Ca(CO₃H)₂
Appearance: White powder
Purity : >98 %

Storage: RT

Technical and Scientific Information

Bibliography

Cefalas A. et al., Dynamics and Physics of Integrin Activation in Tumor Cells by Nano-Sized Extracellular Ligands and Electromagnetic Fields, *The Integrin Interactome* pp 197-233, Part of the Methods in Molecular Biology book series (MIMB, volume 2217) (2020)
