

interchim

 **interchim**

INTERCHIM

Interchim is a French multinational company dedicated to sciences with its own R&D laboratory. Interchim manufactures and distributes instruments, products and Consumables for Research & Industry.

The company was created in 1970, by Colette Boch & Jean Boch (PhD, former Research Director at Sanofi Aventis).

It is still a family-owned business today, by Lionel Boch, *Président du Directoire* & Corinne Jourdain, *Directeur Général*.

Interchrom

Analytical Sciences,
Purification,
Spectroscopy

Bioscience Innovations

Immunology, Separation Techniques,
Proteomics, Genomics & Cell Biology

3 DIVISIONS TO SUPPORT THE SUCCES OF YOUR PROJECTS.

Interfine Chemicals

Building blocks, intermediates, bulk
Screening compounds
Customs synthesis
Flash purification
Parallel synthesis

4 ACTIVITIES

Interchim's consumable technologies
Instruments manufacturer
Distribution
Services to customers

INTERCHIM HEADQUARTERS

Warehouse & Distribution

25,000 sq. ft.
200 to 300 parcels a day
Delivery 24h from stock

R&D Laboratories + Production

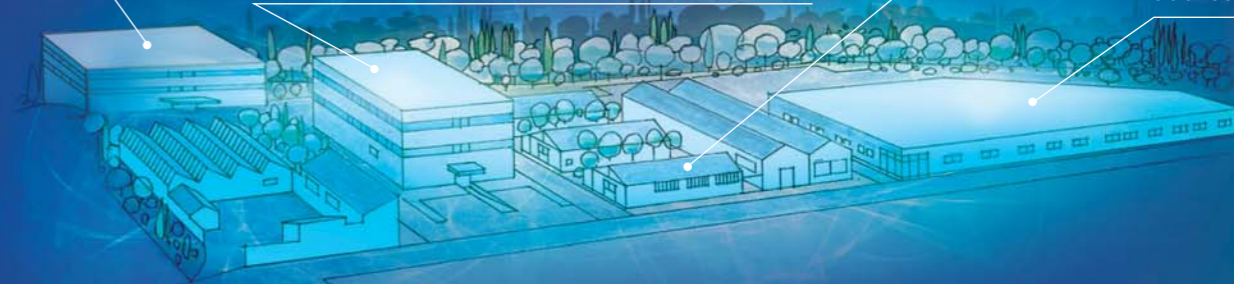

17,000 sq. ft.
Scientific team of PhDs, MS, Technicians
Part time University / Industry
Additional University research program collaboration

Instrument manufacturing

5500 sq.ft
R&D department located in
Vannes (Brittany)

Sales & Administration

11,000 sq. ft.
Located in the heart of France
100 employees
4500 customers
200,000 Worldwide end users
Web site: 50,000 visits/month
2.5 Million pages views
300 technical questions/day

INTERCHIM PROPRIETARY PRODUCTS

UptiCap™
Universal Caps for GC capillary columns

Magic Box™
The Essentials accessories for HPLC, prep LC, Flash & GC

UptiBond™
UptiBond™ Premium
GC capillary columns for multiple applications in GC/MS, GC2D

UptiDisc™
Syringe filters for sample preparation

Vials & Closure
Extensive range of solutions for HPLC & GC sample management

puriGaz™
Cartridges and base holder for gas purification

Atoll™
Columns, cartridges, 96 well plates & polymer sorbents for Solid Phase Extraction

Upti-prep

Upti-prep®
Interchim silica base technology for SPE, HPLC, prep LC & Flash purification

Uptiplate™
384, 96 & 48 well plates for filtration, Solid Phase Extraction & Collection

Upti-Clean™ & Recovery™
Columns, cartridges, 96 well plates & pure spherical silica sorbents for Solid Phase Extraction

Uptisphere® X-serie™
HPLC & prep LC columns for the separation of small molecules & bio-medicaments at low & high pH

Uptisphere® Strategy™
UHPLC, classic analytical & prep LC columns with high loadability

Uptisphere® 300Å
HPLC & prep LC columns for Identification, Separation & Purification of Proteins, Peptides & Polypeptides

Upti-Tip™
Nano sample preparation

HPH™
High Performance LC columns hardware for UHPLC and HPLC

Uptipack™
Packed Glass & Stainless Steel GC columns

Upti-Trap™
Trapping columns for Online Solid Phase Extraction

Uptisphere

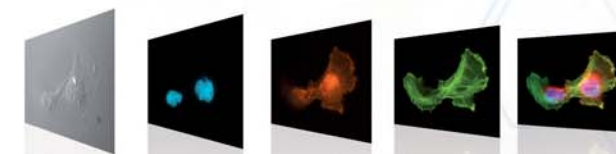

Uptisphere®
HPLC & prep LC columns based on Upti-prep, our ultrapure spherical silica technology

Uptisphere® Protein A
Affinity purification columns

FluoProbes® Fluorescent probes & Labeled Antibodies

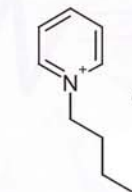

Uptima

Uptima®
Standard Lab Consumables for Proteins Assays, Biochemistry, Electrophoresis, Substrats & Buffers

Prim'AB Search™
Search engine for primary Antibodies (< 100000 refs)

puriFlash®
Ultra Performance Flash purification Columns

LIQ-IONIC™
The new reaction media for organic synthesis

Spot™ II Flash
Ultra Performance Stand Alone Instruments for Flash Purification

Spot™ II XS
Ultra Performance Stand Alone Instruments for Flash Purification

puriFlash® 450 Cross Over
Ultra Performance Flash purification Instruments

puriFlash® 210
Ultra Performance Flash purification Instruments

puriFlash® 430 evo
Ultra Performance Flash purification Instruments

puriFlash® 800
Ultra Performance Flash purification Instruments

E-Buy - Online shop:

Join Interchim.com to use Internet Technology to Efficiently Manage your Purchases.

Save on your internal costs

Focus your Purchase Department on added value tasks

Keep a direct link with your supplier

Improve your internal customers' satisfaction

Interchim operates through the largest Market Places:

E-Search - your Search Tool:

E-Search - your Search Tool gives you a quick access to + 7000 Suppliers, + 1 500 000 items.

And it gives you access to: Technical files, Product files, Manuals...

E-serv - Your personalized services:

E-Serv define your personalized services.

OUTSOURCING

An Outsourcing strategy gives you the opportunity to:

Save Costs: Lowering the overall cost of the service to the business.

Focus on your Core Business: Internal Resources are focused on developing core business.

Improve quality: Gain significantly in quality through contracting out the service with a new service level agreement.

Create Operational expertise: Access to operational best practice that would be too difficult or time consuming to develop in-house.

Access to talent: Access to a larger talent pool and a sustainable source of skills, in particular in science and engineering.

Develop Scalability: The outsourced company will usually be prepared to manage a temporary or permanent increase or decrease in production.

Enhance capacity for innovation & Reduce Time to Market
